

Weekly Progress Report			
Topic:	Chatbot – Final Project	Week No.	15
Course Code:	CSST101, CSST102	Term:	1st Semester
Course Title:	Advance Representation and Reasoning Basic Machine Learning	Academic Year:	2024-2025

Main Tasks Assigned:

Implement error analysis on misclassified data points
Adjust model and retrain to address identified issues
Begin drafting the mid-term project report

Work Completed:

From the finalized data, we still did a bit of alteration, then retrained and tested it.

Challenges Encountered:

On testing the data, the bot gets still a bit confused and give different answer.

Solutions Implemented:

We remove irrelevant data and we made sure that we clearly label the data.

Tasks for Next Week:

We will do hopefully a final testing and check its performance before the final presentation.

Instructor's Feedback:
