Weekly Progress Report			
Topic:	**Chatbot – Final Project**	Week No.	**17**
Course Code:	**CSST101, CSST102**	Term:	1st Semester
Course Title:	**Advance Representation and Reasoning** **Basic Machine Learning**	Academic Year:	2024-2025

Main Tasks Assigned:

Prepare final project presentation
Submit final report and code
Record project video documentation (if required)

Work Completed:

We compiled all of the weekly reports and also made a PowerPoint presentation about the bot including the progress. We also submit the code in GitHub

Challenges Encountered:

An error occurred while we are taking screenshots/record of the chatbot.

Solutions Implemented:

It was just a minor problem, we found a solution from the internet

Tasks for Next Week:

If there are still some requirements needed after submitting the final presentation or if our instructors suggest changes in the files that we submitted, then we are going to comply it.
